

"With the implicit confidence of children, we have placed St. Catherine's under the direction of the Sacred Heart of Jesus and the Immaculate Heart of Mary.

The work to be done at St. Catherine's cannot be accomplished without their aid. Instinctively our hearts turn to them and we feel that any success we might enjoy. . .

. . . we will owe to the Sacred Heart of Jesus and His Blessed Mother, and to our patron Saint, St. Catherine of Sienna."

St. Catherine's New School

. . . a sound investment

St. Catherine's new school, built of solid construction, with the latest and best appointments for educational purposes, provides for nearly one hundred and fifteen of our children. After the Tabernacle, which radiates the love of Christ and His faith, there is no parochial unit that yields the dividends for the building of faith and maintaining it as the school in a Catholic parish.

St. Catherine's parish provides its children with as fine a school building as can be found in the United States.
